Summary

Motivated Information Technology student with strong foundations in **Python, Data Structures & Algorithms, and problem-solving**. Skilled in web technologies (React.js, Tailwind CSS) with a growing focus on **Machine Learning, Data Analysis, and AI-driven solutions**. Experienced in building projects using Python and visualization tools like Power BI. Eager to apply analytical skills and continuously learn new AI/ML technologies through real-world applications.

Skills

Languages	Python, C, Java	**Frontend**	React.js, Tailwind CSS, JavaScript, HTML, CSS
AI/ML & Data	NumPy, Pandas, Scikit-learn (learning), Data Visualization (Matplotlib, Power BI)	**Databases**	MySQL, MongoDB
		Tools	Git, GitHub, Visual Studio Code, IntelliJ IDEA

Education

Dr. A.P.J Abdul Kalam Technical University   **2022-2026**
Bachelor of Technology in Information Technology

Senior Secondary School   **2022**
S.C.M Public School

Secondary School   **2020**
B.K Academy

Projects

ML Project – Spam Email Classifier (Python, Scikit-learn)
- Implemented a machine learning model to classify emails as spam/ham.
- Used Python libraries (Pandas, Scikit-learn) for preprocessing, feature extraction, and model training.
- Achieved high accuracy using Naive Bayes.

E-commerce Sales Dashboard
- Designed an interactive **Power BI dashboard** to analyze sales, profit, and customer behavior.
- Integrated multiple datasets to calculate key business metrics (Total Sales, Profit, AOV).
- Built visualizations and filters for data-driven insights.

E-Commerce Website
- Developed with **React.js** and **Tailwind CSS**, featuring product listing, search, cart, and filters.
- Designed reusable components with clean, interactive UI.
- Deployed on **Vercel**.

Extracurricular Activities

- Problem solver on **HackerRank, LeetCode** – solved coding challenges across Data Structures and Algorithms.
- Continuous learning of AI/ML concepts through online courses and personal projects.

Achievements & Certifications

- Completed **Machine Learning Crash Course (Google Developers)**.
- Completed **Intro to Machine Learning & Python (Kaggle Micro-Courses)**.
- Completed **Python (Basic) Certification** – HackerRank.
